

Ein Raum muss nicht zwingend auch gerade Wände haben. Ein Runderker hier, eine gebogene Wand dort, eine Säule mitten im Raum ... die architektonischen Stilelemente kennen keine Konventionen.

Wir in solchen Fällen auch nicht. Deshalb fertigen wir Ihnen auch speziell angepasste Leisten aus unserem Sortiment – damit Sie bauen können wie Sie wollen.

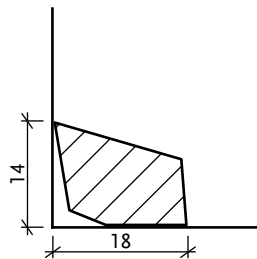

MASSIV LEISTEN

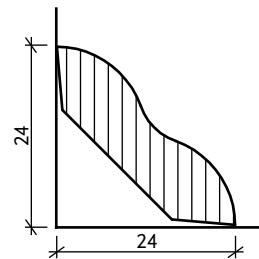

Deckleiste 24/03 mm

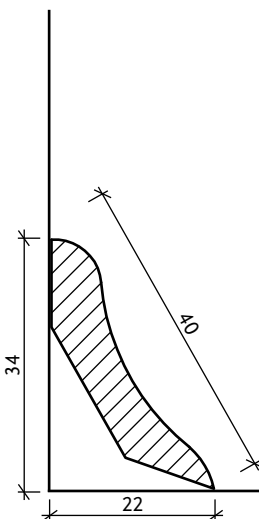

Viertelstab 14/14 mm
